

Add a Link to a Wiki

Click EDIT

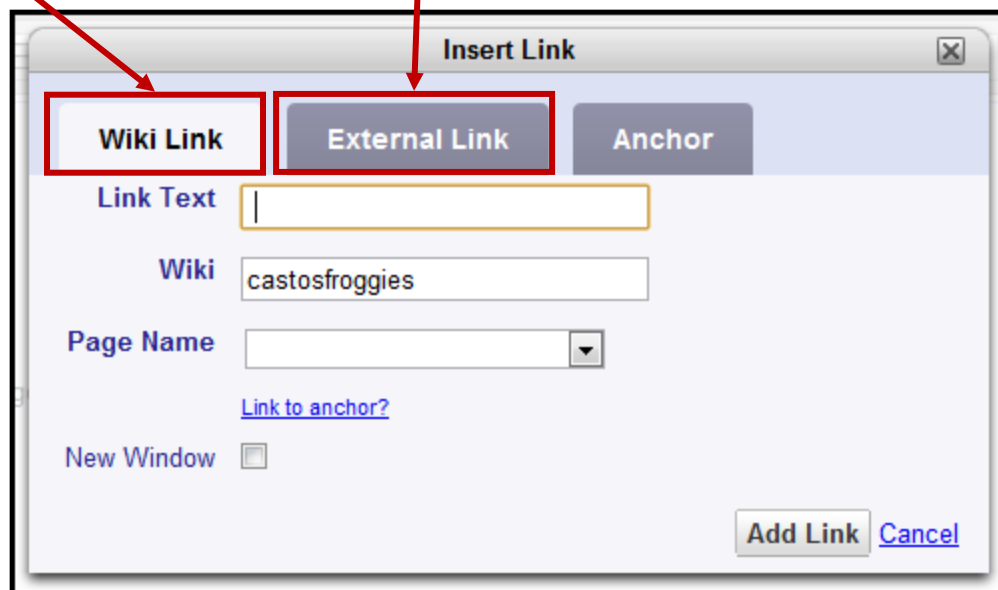

Click **Link**

Click **Wiki Link**
to link to a page within
this Wiki.

Click **External Link**
to link to a page outside
of this wiki.

External Link

Key in the name that will appear hyperlinked on the page.

Click **External Link** to link to a page outside of this wiki.

Click **New Window** So the link opens in a new window when clicked (it's just good)

Click **Add Link** when finished.

The 'Insert Link' dialog box has three tabs: 'Wiki Link', 'External Link', and 'Anchor'. The 'External Link' tab is selected. It contains three input fields: 'Link Text' with the value 'EDTC Wiki Support', 'Address' with the value 'CCastoEDTC640.wikispaces.com', and a checked 'New Window' checkbox. At the bottom right are 'Add Link' and 'Cancel' buttons. Red boxes and arrows highlight the 'External Link' tab, the 'Link Text' field, the 'Address' field, the 'New Window' checkbox, and the 'Add Link' button.

There it is!

Click **Save**

The editor toolbar shows various icons for text formatting and insertion. The 'Link' icon is highlighted with a red box. Below the toolbar, the text 'EDTC Wiki Support' is shown with a green external link icon to its right. In the top right corner of the editor, the 'Save' button is highlighted with a red box. Red arrows point from the 'There it is!' and 'Click Save' text boxes to the link icon and the 'Save' button respectively.

It's updated

The link is active

The page header shows '★ Advanced work' and tabs for 'PAGE' and 'DISCUSSION'. Below the header is a green message box that says 'The page has been updated.' with a green checkmark icon. Below the message box is the text 'EDTC Wiki Support' with a blue underlined link and a green external link icon. Red boxes and arrows highlight the message box and the link text. Red arrows point from the 'It's updated' and 'The link is active' text boxes to the message box and the link respectively.
